

CHING FON INDUSTRIAL CO., LTD.

Over 50 years experience in cosmetic industry

NEW COLOR PRINTING TECHNIQUE INCORPORATED

Ching Fon incorporates the new color printing technique into our offer. Such color printing method breaks through the restriction of the traditional hot-stamping, silk screen printing and transfer printing which brings you the following advantages:

- Multiple colors
- Full coverage
- Water based ink.
- High resolution
- Applicable on glass & plastic
- Prominent texture

※Rich color

Above images are for reference only ; Customized logo & printing is available.

※Full coverage

Should you be interested, please feel free to contact us for more information & packaging matching!
